Dear ..........................

(You can find out who your local MP or Councillor is by writing putting your post code into the 'WriteToThem' website).

Begin your letter with a fact about yourself or a personal experience.

State your opinion, what do you think should be changed. Pro tip: Try to use terms like 'I believe that...' or 'In my opinion...' or 'I strongly feel...', it makes you sound more official!

Give 2 to 3 reasons that you want things to change. Make sure to put each reason in a separate paragraph. Start your paragraph with phrases such as:

- 'I feel that... because...'
- 'It is really important that...'
- 'In my experience we should... because...'

If you can, find some quotes or facts from experts who share the same opinion as you.

Conclude with a 'wrap up' paragraph summarising your points and asking for change/support.

Yours sincerely
